Experience Tradition, Embrace Innovation

Overview

The Intensive Course is designed to provide a thorough knowledge of general English at all levels. The course covers the four basic skills of listening, speaking, reading and writing and is especially programmed to improve communication skills in spoken and written English.

We place great importance on oral communication in the classroom, and course- books and supplementary materials are interesting and stimulating.

Two teachers are responsible for each programme and regular progress tests are built into the syllabus. This course may be taken in combination with one of our afternoon group classes or afternoon one-to-one lessons.
